# LACUNA COIL

## UNLEASHED MEMORIES

## Heir Of A Dying Day

He's the one  
when you feel the heat  
that he makes you feel  
as a wonder

He promises you  
no more tears to cry  
all the colours  
into the rainbow

Comes after the rain to please,  
your eyes with all the colours that you  
cannot see  
he came to save us  
you will see

Standing aside he's the saviour  
of your only human part you  
cannot see he came to save us  
you will see

Breathing  
as a child is born  
as a cancer is  
killing my past

I'm wondering  
how long I'll resist  
virus into my mind  
as a rainbow

Shines on me  
this little light on me  
goes on  
Feed it

Cristina Scabbia: female vocals

## To Live Is To Hide

While emotions try to come out  
desperately I seek in their path  
a way so I can not be outdone  
and to finish this search for the meaning

To hide emotions cause a blow out  
desperately I seek in their blast  
a way so I can not be outdone  
and to finish this search for the meaning

I'm going to freeze  
Is it my imagination?

It's underground  
but I can feel it the same

What I need now  
what I need is to live to hide  
when you smothered my devotion  
with your lies

And I feel now  
as I did that time  
that I'm wondering why  
still I make you cry

While emotions try to come out  
desperately I seek in their path  
a way so I can not be outdone  
and to finish this search for the meaning

To hide emotions cause a blow out  
desperately I seek in their blast  
a way so I can not be outdone  
and to finish this search for the meaning

Suffering while I'm depending on seasons  
roots under me are embracing the earth

# Purify

I cannot fight again myself  
no more  
self destruction that I predicted  
not a long time ago.

Petrified

Thoughts so far from me

The power of my justice blows me away  
it's just the case to repeat  
what I've never said to you before

Celebrate  
I'm alive again

You don't expect from me  
this chain reaction  
you can't imagine from me  
this great affection

See the structure of my pride  
wasn't easy to build it away from this  
I never walked away from you  
I never walked alone

A pleasure makes me vibe again tonight  
I'm just thinking how fine it is to feel myself so fine again

Celebrate  
I'm alive again

It's time to turn the page and start  
and then  
don't you think that it's time  
to convince yourself it's over?

Celebrate  
I'm alive again

Andrea Ferro: male vocals

# Senzafine

Scorre finto il mio tempo  
che scivola sul velo della mia pelle nuda  
se oltrepassassi il confine che mi hai dato  
forse io non sarei qui

Da adesso ormai che senso ha  
cercare di abbracciare un passato più pacio  
guardando avanti rischiando  
ma riesco a rispondere ai miei perché

Tutto ciò che sarai  
era già stato scritto  
se davvero esiste  
questo dio ha fallito

Ogni parola pronunciata  
sarà lo specchio del tuo dolore  
riflette la colpa  
alimenta l'odio

Madre

Il mio destino scelgo  
se riesco a resistere

Sono ancora in piedi in questo istante di pura follia  
non so più se desiderare il bene o il male  
anche se il peccato forse più mi chi

Da adesso ormai che senso ha  
opporre resistenza a un destino segnato  
non resterò a guardare senza  
riuscire a resisterti  
risvegliarmi

Madre

Il mio destino scelgo  
se riesco a resistere

Risvegliami

Non c'è scelta senza me  
Non c'è vita senza me

# When a dead man walks

Paranoia

In which I think that I'm not confident  
blood into my hands I can't deny  
a buzz into my ears that makes me mad

But I don't look back

While I'm waiting to die  
I don't look back  
In a weird lullaby  
I'll carry on

And the hope in my heart is dry

But I don't look back  
and I cannot reply  
I don't look back  
while I'm waiting to lie  
I'll carry on  
While they want to decide for me

Once again

Living in their cage  
They are killing me

Paranoia

In which I think I'm not that confident  
a tiny hope that burns in my breath  
a bitter smile delights me at the end

Solo: Migliore

Marco Coti Zelati: bass guitar

Ray of light annoying as a cold breath in the eyes  
Water falls down

Lights around are flashing  
and in meat a razorblade  
water falls down

Seems to be the day  
(I cannot handle this)  
listen to the music in my mind  
for a while

seems to be my hour  
my shell has disappeared  
swallow whirls of dust into my mouth

But it's wonderful I know

Hiding all my fear  
my nightmare is becoming real  
take a look at me  
I'm a loser

Hiding all my crimes and then  
forgetting all my ideas  
Take a look at me  
I'm a loser

I'm a loser

Solo: Biazzi

## Cold Heritage

Don't tell me why  
I'm so near to commit a crime  
when I stay alone here in front of you  
(I'm here)

Illusion falls when you're not honest about the way I feel  
I know I need only your voice

Saving all my words only for you  
Forgive me  
Saving all my words only for you  
I don't know why

There's a limit to defy  
with the vision of the future at my feet  
(I'm here)

The night embrace me while  
this picture simply blows me away  
I feel I'll need only your voice

And I'm lonely here inside of me  
deep inside of me  
believe in the light in me

And I'm lonely here inside of me  
deep inside of me  
reveal the light in me

Saving all my words only for you  
forgive me

And I'm lonely here inside of me  
deep inside of me  
believe in the light in me

And I'm lonely here inside of me  
deep inside of me  
I've never  
never felt myself this way before  
I don't want to leave you with my tears  
If you'll disappear

Believe in the light in me  
Saving all my words only for you  
Forgive me  
Falling on my knees only for you  
Forgive me

## Distant Sun

We've never been apart  
the day has come  
I'm feeling that your sun  
shines away from me

Tease me  
holding my hands you smile again  
I couldn't see you away from me  
I do realize it now

Living in me  
You are living in me  
You are living in me

I feel you by my side  
your living soul wants to run away with me  
inside of me

And now  
will something happen to me?  
how did I lose my guide?  
you left me all alone

But now is too late  
I know it's natural but now  
what can I do without your presence here?  
a never-ending pain

Living in me

You are living in me

I feel you by my side  
your living soul wants to run away with me  
inside of me

I feel you by my side  
and I'm sure that I can't forget you  
you are inside of me

You are inside of me

Cristiano Mozzati: drums & percussions

## A Current Obsession

Come to me  
to feel my protection  
a countdown to my revelation  
no more respect  
for your regrets

And your time has come

The naked truth is in disguise  
It's your secret complication  
exhausted of this sacrifice  
just like a lying preacher

Hiding to survive

So strong living in torture  
I know that you will never see  
the light again

So hard living in torture  
erase the burning fear into  
your eyes again

The silent scream is stronger now  
you cannot keep it too long  
this cloud evolving into rain  
your desert seems so far now

Come into my arms

Following your line  
I'm losing mine

Marco Biazzì: guitars

Cristiano Migliore: guitars

## Wave Of Anguish

There is something weird I wouldn't believe  
I'm losing grip on my lifetime  
I don't understand this wave I'm in  
Wrong place, no money, just responsibilities

My heart and my wish are so far away  
I'm alone now

Feeling the slow beat turning fast  
No longer breathing  
I'm returning in my own hell

I don't want to go  
Hold me into your arms so tight  
You cannot see  
You'll see it

In another world  
Hold me into your arms so tight  
You cannot see it  
You'll see it

There is something strange  
you've got to believe  
It's taking away my sunshine  
I don't understand this wave I'm in  
Wrong face, no money, just responsibilities
